Flooding: Giant Factories donates quarter of a million dollars to the Red Cross

MONTRÉAL, QUÉBEC (May 25th, 2017) — Giant Factories is proud to announce its commitment to donate \$ 250,000 to the Red Cross in order to support families affected by the recent flooding in Quebec and Ontario. The water heater manufacturer wishes to assist the victims concretely and directly and thus contribute to recovery measures.

"Giant Factories has grown over the years thanks to the trust and support of our community. By doing this, we want to give back to our people and help them during these difficult times." said Mr. Claude Lesage, president of the company.

Giant Factories now invites its partners as well as the business community to join the movement of solidarity and generosity, and to support the victims of the floods.

About Giant Factories inc.

Also known as Cascade, Super Cascade, Expert Plus 8 and ECOPEAK®, Giant Factories is the only Canadian company to manufacture water heaters. Based in Montréal-East, the production plant is one of its kind in Canada. The family-owned business which has been in existence for three generations and active since 1945, now accounts for more than 300 employees and distributes its products throughout Canada and in some areas of the United States.
